1. Oh Ted, oh reader, oh listener, oh lamb of Mine who I take such joy in every time you come to Me and focus on Me and let Me be Me with you—in spirit—in realness, in reality, in true reality where you're not busy and torn doing and thinking about so many other things.

2. I love you, I love you, I love you. Thank you for every single time you come to Me and enter My presence and let Me be Me—with you—and you act and speak and be truly you—with Me. I love you, I love you, I love you.

3. I will never leave or forsake you. I am new every day. My tender mercies are ever new and ever-renewing—you—everyday—every day you will let Me. My truths, My touch, My words, My presence, My nudgings of tender correction and direction and connection.

4. Thank you for letting Me correct you, direct you, and connect you. Oh how I can mature you when you come to Me, not prescribing how I come to you, and how I do what I want to do with you, in you, through you, with My body, My body, My body who will listen to Me and be corrected, directed and connected.

5. Seek My face, seek My hand, but seek My presence, My presence, just letting Me be Me, enjoying our presence together, alone, you and Me, in tender love, alone, in joy, in precious tenderness, love, respect, tenderness, respect, tenderness, love, respect, and tenderness.

6. Manifold love requires manifold respect.
Manifold love requires manifold respect.
Manifold love Ted, requires manifold respect.

And that's one reason so many of My people have not been able to walk in manifold love—they have not walked in respect, respect, respect, for Me and My words and My presence and My body and My table and My fruit and My gifts and My design and My freedom and all I have for them.

They've come to Me to get, get, get, rather than respect, respect, respect Me, Me, Mine, in loving respect which embodies tenderness, patience, longsuffering—understanding personified in flesh to flesh, through My power, through their power surrendered to My power, which exponentializes their power manifold times, times manifold times, exponentially exponentiated.

7. For I am, I am, I am the one and only I am, and I have My ways and My body and My body must respect My body and learn to love Me in My body—coming to table, My table, with My body, and excluding not the sincere, the sincere, the truly sincere—but

always discerning and walking wisely, as lambs, wise, wise lambs, in meekness and much power—separating carefully who enters chambers of deeply trusted faithfulness in covenants of Me.

8. Deceived not be, discern, discern, discern in My discernment and My wisdom, knowledge, and understanding. I am tender and meek and lowly and preeminent not, except where My Father says. We are one and there is no conflict with us or in us. I am servant, I am leader, I am one. I serve, I serve, I intercede for My followers, My bride, My body, My Mine.

9. Ted, you are to intercede more for your followers, for you want so to birth leaders and there are so many leaders in your followers—there always is, always, always, always.

10. Hold not back any leader in your followers who is ready, sincere, seeking correction and poured out as a drink offering before Me. I will correct, I will direct, I will connect. I will connect, I will correct, and I will direct. I will direct and I will connect and I will correct. Freedom, freedom, freedom.

11. Intercede more Ted, intercede more, you must learn to intercede more like Me to birth the leadership explosion of Me in My Mine, and **prepare them** for the prowess that My power provides. Meekness, meekness, meekness—Ted, power, power, power.

12. This world—ready, waiting, for Me, My power, through My Mine. Taking back I am My realms of power abated and withdrawn for sakes you will understand—fulfillment, understandings, fulfillment.

13. Now—prepare, accelerate your intercession and think not I have forgotten My promises—your provision, your taxes, your expansion, your land, your buildings, technology giants and giants who've been schooled at My knee—My knee, in My, My chambers, with Me, in secret, in the wee hours, and limelight none—oh giants arise now to help you birth the leadership explosion of Me in Mine, in My universities and school systems that are purely Me and of My design, and magnanimous proportions that exponentialize grasshopper-felt soldiers into My realm, in power, power, power.

14. Intercession must increase for leadership to increase.

15. Ted, please don't say no, please don't step back, please don't be too busy, please let Me teach you all that is required for you to yet do, be, be, do, be, do, become, and birth. Oh please, please, please—let Me teach you intercession of Me at My knee, in accelerated learning sessions of Me with you, for intercession for leadership, for leadership to know intercession—of Me, of Me, with Me, for Mine.

16. I am Provision and I am promoting and I expect—I demand, I require you now to discipline yourself in ways you have not yet, yet, but now must. Intercession, intercession, intercession—not voluntary—mandatory, mandatory for you Ted, mandatory—now—today—delay not.

17. Promoted yet again you are—based now on your intercession obedience, obedience, obedience—presence with Me, present with Me—intercession.

18. Weary not—I am your strength.

19. Fast—Me, Me, Me Ted—I am your food, on your table, with delicacies of truth, knowledge, wisdom, and understanding—yielding synergies of power, power, and freedom for My exploited, My in-debt, My put-upon, My downtrodden, My wandering, My wondering, My children—

20. Promote them—

23. Promote the passionate who pass the tests—the requisites, to lead, lead, to lead—in character of integrity based on foundations of Me, Me, Me, love, respect, respect, love, character, foresight, insight, prophecy—of Me, in Me, through Me—to them, in them, through them, to Mine.

24. Intercessionship leaders—piloting vessels of leadership, navigating waters with no maps except My voice, My still small voice, My whispers, in My chambers—confidencing and significancing My Mine who will let Me, and launching all who are ready to pilots be—piloting vessels of Me, unseen and unmade and unthought-of—but yet to be.
